

**Friday 15th to Saturday
16th March 2019**

**QEII Conference Centre,
Westminster, London
CPD Credits: 13**

Register NOW - www.fungalupdate.org

The 2019 conference will have keynote lectures:

Using the innate immune system to understand the structure of fungal pathogens - *Prof. Neil Gow*

The rise (and fall) of *Candida auris* and other drug-resistant fungi.

Sessions from societies include:

EPMyn - Paediatric Mycology

BSBMT - Antifungal management in Haemato-oncology

BSAC - Antifungal stewardship - preservation and promotion

ECMM - Point of care fungal diagnostics

UKCMN - Lab diagnostics and resistance

BMS - Research

Fungal Immunology

Interactive Case studies

Free papers from submitted abstracts

Register NOW - www.fungalupdate.org

Abstracts submissions are now being accepted:

All accepted abstracts will be published in the *Journal of Fungi* with the very top abstracts being invited to present their work in the free paper session.

The top two abstracts will also receive **£200 each** from the *Journal of Fungi* and the winners will be invited to attend the prestigious and exclusive conference dinner being held within the *Palace of Westminster* for **FREE**.

Information on abstract submissions and how to register for the conference via the website below:
